

How to add supporters to your network online

On [Home - Luton Town Online Ticket Office \(eticketing.co.uk\)](https://www.eticketing.co.uk) Sign in using your unique client reference and password. (If you are unsure of your password click the forgotten password link to reset this).

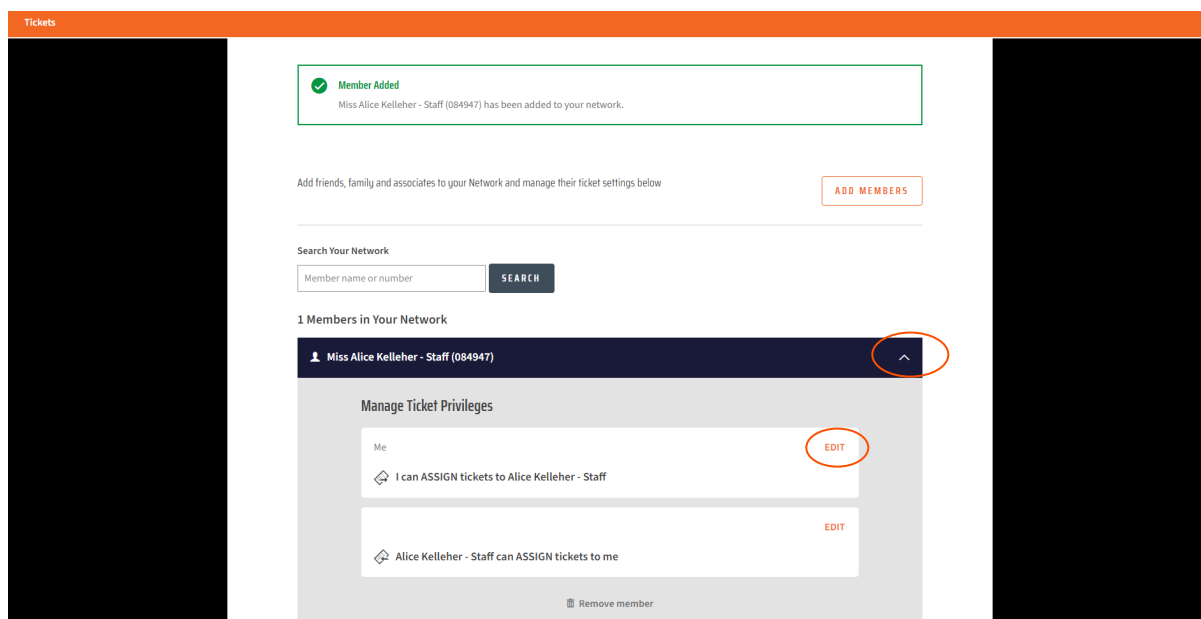

Click the person icon in the top right corner, then click account menu, and under account management 'Network'.

From here click **ADD MEMBERS**.

You will then be able to add the supporter to your network, you will need their unique client reference and Surname. Search for the supporters and click add member.

From here click the drop down to change **ASSIGN** to **MANAGE**, you must change to **MANAGE** to be able to purchase tickets on another supporters behalf.

This will send a request to the other supporter to accept. If the other supporter does not have an account you will have to create one for them.

This can be done on the sign in page, click '**Activate Membership Account**' and follow the instructions to set up the account.

You will have to follow the same steps to find your network in your online account, once you are in Network, you will have to accept the request.
